Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

This office action is in response to the applicant's amendment dated 6/18/2004.

Claims 2, 4, 7, 13-16, 19, 23, 24 and 29-32 were cancelled by the applicant.

Claims 1, 3, 6, 8-12, 17, 18, 22, 25 and 28 were amended by the applicant.

Claims 1, 3, 5, 6, 8-12, 17, 18, 20-22 and 25-28 are pending in this office action.

Response to Amendment

1. In view of the applicant's corrections, the examiner withdraws the objection to the drawings.
2. In view of the applicant's corrections, the examiner withdraws the objection to the Specification.
3. In view of the applicant's corrections to Claims 1 and 17, the examiner withdraws the objection to these claims.
4. In view of the applicant's corrections, the examiner withdraws the rejection of Claims 7 and 28 under 35 USC 112 first and second paragraphs.

Response to Arguments

Applicant's arguments with respect to claims 1, 3, 5, 6, 8-12, 17, 18, 20-22 and 25-28 have been considered but are moot in view of the new grounds of rejection (see below).

Claim Objections

Art Unit: 2133

5. Claims 1, 3, 6, 9, 10, 11, 12, 17, 22, 25, 26 and 27, objected to because of the following informalities:

As per Claims 1, 3, 6, 9, 10, 11, 12, 17, 25, 26 and 27:

See 37 CFR 1.75 and MPEP § 608.01(m). The claims must commence on a separate sheet or electronic page (37 CFR 1.52(b)(3)). Where a claim sets forth a plurality of elements or steps, each element or step of the claim should be separated by a line indentation. There may be plural indentations to further segregate subcombinations or related steps. See 37 CFR 1.75 and MPEP.

As per Claim 10:

The examiner believes lines 8 and 12 should recite, "the memory built-in self-test state machine".

As per Claim 12:

The examiner believes lines 8 and 11 should recite, "the memory built-in self-test engine".

As per Claim 22:

The examiner believes line 11 should recite, "[the] a logic built-in self-test engine".

Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the

Art Unit: 2133

art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

6. Claims 1, 3, 5, 6, 8-12, 17, 18, 20-22 and 25-28 are rejected under 35

U.S.C. 112, first paragraph, as failing to comply with the written description requirement.

The claims contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor, at the time the application was filed, had possession of the claimed invention.

As per Claims 1, 17, and 22:

The addition in the applicant's amendment of the limitation, "step to a new scan chain", brings a new scope to the claims that the examiner, being one with ordinary skill in the art, has not been able to find within the disclosure. The literal interpretation of this limitation leads the examiner to the assumption that there are multiple scan chains (the limitation steps to a new one), and that the method/apparatus in the said claims sequences to each of these scan chains. The examiner has not found within the disclosure any reference such a concept as, "stepping to new scan chains". Found in the disclosure only, was a method "step" without any reference to "new scan chains". Therefore, the examiner is unable to use such a limitation in the claims in any manner that would carry out the applicant's invention. And since Claims 3, 5, 6, 8-12, 18, 20, 21 and 25-28 are dependent on Claims 1, 17 and 22, the Claims 3, 5, 6, 8-12, 18, 20, 21 and 25-28 are also rejected under 35 USC 112 first paragraph.

In all, Claims 1, 3, 5, 6, 8-12, 17, 18, 20-22 and 25-28 are rejected under 35 USC 112 first paragraph.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
